Peculiar Effect of Moonlight in a Parlor.

From the New York Sun.

Harbor Master, John Simpson went to an oyster supper on Monday night. At three o'clock yesterday morning he awoke. He took a water pitcher and went toward his dining room to get a drink. In going through the parlor he saw by the glimmer of the moon what he took to be the figure of a burglar kneeling in front of his secretaire. Mr. Simpson crept noiselessly to the burglar, and, raising high the stone pitcher he dashed it with all his might upon the burglar's head. Then he sprang to the window and shouted "Police! Murder!"

Within a minute a policeman, some near neighbors and Mrs. Simpson were in the parlor.

"Where is he? where is he?" they cried.

"There! there he is —there!" yelled the Harbor Master.

A shout of laughter followed. Mr. Simpson had thrown his own hat on his wife's waterproof cloak, and had mistaken the image thus made for a kneeling burglar.

"It was not the oysters," said Mr. Simpson yesterday, "but the peculiar effect of the moonlight."

Killed With a Bass Viol.

CONCORD, N. C., Feby. 17.—Amos Sweet, known as the county fiddler, was killed in Springfield, near this place, to-night. It seems that early in the evening Sweet was engaged to play at a dance. At about 8 o'cleck he got so full of whiskey that he could not play in time, and he was turned out and another fiddler put in his place. In a few minutes he returned and demanded his fiddle. He was hustled out of the ball room, but came back again. He reeled against Bob Turnstill, a young swell, who was so aggravated that he took up the bass viol and dealt Sweet a blow over the head with it, crushing his skull just above the ear, from the effects of which he died at 10 o'clock to-night. The room was crowded with dancers, and the dreadful affair broke up the ball. Turnstill has been arrested.

Dogs in Deadly Combat.

Early one morning the residents of Greenville, N. J., were awakened by the noise of a battle in the street. Springing from their beds and opening their windows, they beheld about a score of dogs in deadly combat, biting, howling, and springing from side to side. No one dared to interfere, and the battle lasted for some time. They found the surface of the ground scratched up for a space of 25 feet and covered with blood. Three dead dogs lay on the field.

A number of leading financiers and social high dignitaries of the Imperial Court of Berlin gave a banquet recently in honor of Miss Leona Dare, a tight rope dancer, who has been creating a sensation in the Prussian capital. Word of the festivity reached the Kaiser and the Crown Prince, and the latter was so angered with two of the nobles present—one of them a Prince, the other a Count and a relative of a certain great statesmen of the kingdom—that he sent word of his wish not to see either at court again.

Leadville is a place of strong contrasts. The characteristics of a new mining town are seen there yet; gambling hells and barrooms are more numerous than any other places of business, the pistol and the knife are in common use, highwaymen rob the stages close by, and desperate adventurers abound; but opposed to these things is a strong desire for law and order, schools and churches are being established, and it is thought that the civilization of Leadville will soon be established.

THE MONROE DOCTRINE.

Because a Frenchman wanted to dig a ditch across the Isthmus, many of the newspapers have come out with articles on the Monroe doctrine, and declared that the control of an Isthmus canal by any foreign power would be contrary to the principles laid down by President Monroe. The Monroe doctrine seems not to be very clearly understood. It is, in the first place, not a national principle, but simply the personal opinion of its author. The doctrine has never received the sanction of Congress, and therefore cannot be said to embody the national policy.

The Monroe doctrine found its first authoritative expression in President Monroe's message to Congress in 1823. It is set forth in two passages of that document, which read as follows:

"We owe it, therefore, to candor and to the amicable relations existing between the United States and those powers [European] to declare that we should consider any attempt on their part to extend their system to any portion of this hemisphere as dangerous to our peace and safety. With the existing colonies or dependencies of any European powers we have not interfered, and shall not interfere. But with the governments who have declared their independence and maintained it, and whose independence we have on great consideration and on just principles acknowledged, we could not view any interposition for the purpose of oppressing them or controlling in any other manner their destiny, by any European power, in any other light than as a manifestation of an unfriendly disposition toward the United States."

That was in relation to Spanish America and the Holy Alliance. This refers to pending negotiations with Russia concerning boundaries in North America:

"In the discussion to which this interest has given rise, the occasion has been judged proper for asserting as a principle in which the rights and interests of the United States are involved, that the American continents, by the free and independent condition which they have assumed and maintain, are henceforth not to be considered as subjects for future colonization by any European power."

Here, then, is the Monroe doctrine as stated by its author. If there is anything in it which concerns ditches, canals, or other water rights, we fail to see it.

THROUGH THE GOLDEN GATE.

The S. F. *Bulletin* publishes a table of exports by sea from San Francisco for the past ten years, showing the value of merchandise shipped to foreign ports. It is interesting to notice where all the vast shipments went that have passed through the Golden Gate during the last decade. Their total value was $278,686,400. Of this amount Great Britain received the *Lion's* share—$142,599,350. New York took $42,655,000. China is down for $22,929,600, but most of that amount went to the British port of Hong Kong. San Francisco sends little to Chinese ports, and buys in them much more than she sells. Mexico is a good customer, her purchases footing up over $11,000,000, while the British Columbia and Hawaiian Islands each took goods worth over $8,000,000. Japan bought over $6,000,000, Central America $5,000,000, Peru and Australia each over $4,000,000. Siberia's little bill was $1,220,400, so that cold little customer, away up north, is a better patron of San Francisco than Imperial Germany, whose account falls under $1,000,000.

WHAT KIND OF A COMET?

A new comet has been seen by the astronomers, but whether it is going to be visible to the naked, vulgar eye or not, nobody seems to know. The public are also kept in ignorance as to whether the stranger has a tail or not. Comets do not all have tails. Contrary to the general impression, a comet is not known by its tail, but by its long elliptical path through the heavens. If this new comet is going to come into plain sight and drag its tail across the heavens we should be glad to see it. Otherwise we take no interest in it. What is a comet without a tail? To the average Nevadan, as poor a thing as a cocktail with the whisky left out.

There died lately at Lyons, France, a retired stock broker, leaving $370,000. A will was found dividing his property among various relatives, but while they were exchanging congratulations a codicil came to light revoking the will and bequeathing all to a nephew, an uneducated ploughman, who has been so dazed by the bequest as to cause apprehension for his reason.

EDITORIAL NOTES.

In response to a telegram from the President of the Atchinson, Topeka and Santa Fe Railroad Company, asking for terminal facilities, the San Francisco Chamber of Commerce has passed the following resolution:

Resolved: That this Chamber greets with pleasure the announcement of the intention of the Atchinson, Topeka and Santa Fe Railroad Company, to construct a road to the Pacific coast. That it recognizes the great benefit this city would derive from additional facilities for transportation, and that it will, as far as lies in its power, assist in securing such terminal facilities as may be required.

It was proposed to erect in Westminister abbey a monument to the late Prince Imperial of France, but Dean Stanley has refused the prayer of the petitioners. He received a petition against the proposition, with 3,200 signatures. The fact is that the venerable abbey is already crowded with tombs and memorial slabs. It should be kept sacred to the memory of the truly great. A mere prince should have no place in Westminster.

It is now generally conceded that Bayard won't do for a Democratic candidate for the Presidency. He has not a good war record. An old speech of his has been republished in which he made some very disloyal utterances, and applied terms of insult to the North. Good-bye, Bayard.

The reports of the proceedings in the California Legislature fill several columns of the newspapers every day, but so far very little legislation has been enacted. There is much talk, but little is done. At present there seems to be no prospect of a bill being passed before March.

Simon Cameron will be 81 years old in less than a month. Yet no one thinks of calling him simple Simon. Cameron is a mixture of Scotch and German. His faculties are still keen and vigorous.

H. G. Parker, Fish Commissioner of the state of Nevada, was the winner of the first prize in the pigeon shooting match at San Francisco on the 23rd. There were nineteen entries. The best score was eight out of ten birds.

The Boston *Post* tells a story of a Maine man who didn't care two shakes of a lamb's tail about the newspapers, yet rode fourteen miles through a fierce snowstorm to get a copy of a weekly that spoke of him as "a prominent citizen."

Grant is in Mexico now and the Mexicans are giving him a magnificent reception. Why don't he stay there and run for the Presidency? The Mexicans need a strong government, and Grant is just the "strong man" they want.

The senior Wranglership at Cambridge was taken this year by an Irishman, Mr. James Lardner, son of the late Hugh Lardner of Belfast. Few senior wranglers have, have however, made much figure in after life.

There is a possibilty that Eureka will be made a repeating point on the overland telegraph wires this summer, yet some are of the opinion that Elko will be selected by the company. Diamond Station will be abolished.

Stock have begun to die in earnest in Lake county, Oregon. Mr. Bybee, living on Tule lake, has already lost half of his. Mr. Carr, on Clear lake, has lost some $8000 or $10,000 worth of fine cattle. All cattle men will lose from 50 to 75 per cent.

The Eureka *Leader* describes this scene—Surprise party; time 10:30 P. M.; lady standing in front of parlor fire; gentleman accidentally steps on her extended foot; lady withdraws her foot angrily; gentleman apologizes confusedly by saying that he thought it was the woodbox. Tableau.

Walla Walla hotels are about all full. Many of the visitors are farmers by occupation, who are in search of homes. Some are mechanics but there is little encouragement for that class of persons, and the same is true of professional men. The country is already well supplied with lawyers, doctors, editors, merchants, etc.

The late Duc de Gramont was a handsome, good-mannered, empty-headed noodle, and was generally fooled with a few compliments at every court where he represented France during the second empire. When he was Minister of Turin some one said before Cavour: "He has the air of an ambassador." "An ambassador's footman, you mean," answered Cavour.

One Archbishop and two Bishops, Old Believers, have been incarcerated in the fortress of Suzdaltz, in Russia, the Archbishop during twenty-six years, the Bishops twenty-two and seventeen years respectively. They were imprisoned for their religious convictions.

It is rumored in Chicago that a certain deacon, being awakened from a nap in church, confusedly put a poker chip into the contribution box.

Stop That Cough

With a sample bottle of Kaiser's German Elixir. This is the most wonderful cough remedy ever introduced, being mild, yet positive in its action and soothing under all circumstances. Old and young may use it with perfect security. It is rich in the medicinal properties of tar, wild cherry and horehound. Ask your druggists, Messrs. Osburn & Shoe maker, about its merits. They sell large quantities of it and say it supercedes all others. The genuine bears the Prussian coat of arms and the facsimile signature of Dr. Kaiser on the wrapper and has his name blown in y 75 cent bottle. Samples 25 cent. Large e 75 cents. feb3-d&w

Overland Passengers.

The following is the list of overland passengers to pass through Reno on the Pacific express this evening: Mrs. P. A. Firrell, Boston; Mrs. James Rubier, Lewiston, Me.; Mrs. H. N. Moss, Washington, D. C.; F. M. Sickler and wife, Burlington, Vt.; O. W. Willet and wife, Detroit; Mrs. W. R. Bennett, Oakland; George Brownstein, San Francisco; Commander Henry Glass, U. S. Navy; E. Fisher and wife, New York; Abraham Gunst, San Francisco; William Herring, New York; O. J. Willets and wife, Detroit; James Monahan, Philadelphia; Andrew W. Morrison, Boston; J. Ramsdell, Milwaukee; Henry Cruse, Baltimore.

Reno Bank Certificates in Circulation.

The *Silver State* says that certificates of deposit, issued by the Reno Savings Bank, are being pretty extensively circulated about Winnemucca. The certificates are about the size of greenbacks, are handsomely engraved on good paper, and resemble silver notes in color and appearance. They are payable in gold coin to the depositor, whose name is printed on the certificates, or bearer, at Reno or at the Anglo-California Bank, San Francisco, and pass current there the same as greenbacks or National bank notes. The *Silver State* calls upon the local capitalists to start a similar bank in Winnemucca which could issue like certificates.

Prospects at Pyramid.

W. D. Aplin returned last night from a visit to the mines at Pyramid. He reports that at the Crown Prince the drift north from the tunnel is in about 300 feet, in good ore. The ore body is about four feet wide. There are now about 200 tons on the dump, of ore that should mill $50 a ton. There are four men working in the mine. In the Jones & Kinkead a good body of rich ore has been struck. Mr. Aplin thinks it will work easily. Work is being pushed vigorously.

The Como Mill Shut Down.

Welter's mill at Como has shut down for the present, in consequence of the snow, which covers the ground to a depth of eighteen inches. As soon as the snow goes off the mill will be started up. If it does not soon melt, the roads will be cleared and milling resumed anyhow.

JUTTINGS.

— The river has risen a little.

— The roads are fast drying up again.

— The assessment on New York is delinquent.

— Snow eight to ten feet deep on the Summit.

—George Foster talks of starting a dancing school.

—Bees were flying about in the sunshine this noon.

— Yellow Jacket has levied an assessment of $1 per share.

— Reno has had no sheet-and pillow-case party this winter.

— The funeral of Louis Odett took place this afternoon.

— There have been no cases of surprise party in Reno of late.

— McFarlin's circular saw was the only thing buzzing about Reno today.

— The McGinley troupe gave four performances in Adin, Modoc county, last week.

— Jack Hutchinson, a V. & T. engineer, is very sick with pneumonia at Carson.

—The placing of the new railroad scales is quite a piece of work. The job is not yet finished.

— The postponed spelling match will come off to-morrow evening in the Methodist church.

— Wilhelmj, the violinist, will not perform in Reno. No artist with a j to his name will stop here.

— The lady fortune teller, whose bust a few months ago adorned the pages of the GAZETTE, is again in Reno.

— The squeal of the "organette" is heard no more in Reno. The instruments have been banished to the garrets.

— Vagrants are becoming troublesome again. There was one on the street last evening, striking everyone he met for four bits.

— D. A. Bender & Co. have been appointed agents for the Liverpool, London and Globe Fire Insurance Company, one of the oldest and best.

— Geise is the best chess player in this county. He went to Virginia the other day and beat the best players then in the rooms of the chess club there.

— There are no new developments in the case of the State vs. Lottie Roberts, now before the Justice's court. There will probably be an examination to-morrow.

— There is no diphtheria or scarlet fever in Reno just now. The health of the place is at present excellent. Sore throats and colds are prevalent, but no epidemics.

— A clear air and a bright sky today. The trunks and branches of solitary trees on the crest of the Sierra, eight or ten miles away, were sharply defined against the blue sky.

— Hartley got in 800 fresh oysters from the Bay this morning. How many of them will be offered up on the half-shell to the dancers this evening? Make your bets, gentlemen.

— The *Amitie* dance this evening will be a social event (so called). The Club will attend in full force, many of their friends will be present by invitation, and there will be also a sprinkling of strangers.

— The Jewish Feast of Esther began last evening and lasts one day. It is called "Purim," and is kept in commemoration of the triumph of Esther and Mordecai over Haman. It has had no special observance in Reno.

An Alarm of Fire.

About 12 o'clock last night Mark Parish aroused everybody in the neighborhood of his house by shouting fire, in a voice loud enough to wake the dead. Jumping up from his bed in the court house and looking out of the window, Dute Gray saw flames breaking out of the rear of the house next door south of the court house, occupied by a family named Gooch. The inmates of the tenement were speedily aroused and the fire was quickly put out with a few buckets of water. It originated in the kitchen, probably from the stove. Very little damage was done. A window was broken out, and the end of the house blackened a little. No general alarm was given, and the engines did not turn out.

Not a Candidate.

The statement having appeared in several Nevada papers that ex-Senator Boardman of Washoe county is a candidate for the office of U. S. Senator, to succeed Sharon, a GAZETTE reporter to-day called upon Mr. Boardman to ascertain his position. It has also been stated that he is a candidate for Congress.

"All I have to say is," said Mr. Boardman, "that I am not a candidate for anything on earth."

Change of Travel.

The Battle Mountain *Messenger* claims that the eastern travel to and from Bodie will all go by way of the Nevada Central Railroad in the spring, as the stage companies will put on a line of coaches from Austin to Bodie, thereby shortening the trip, from the east, some 300 miles.

A Ball-Room Incident.

At the recent Miners' Union ball, in Silver City, according to the *Times*, a young man, weight 110 pounds, dancing in a quadrille, encountered a lady weighing 300 pounds, and while deliberating in what manner to get near enough to swing her, was told, in accents sweet: "Don't squeeze me too hard."

Now folks know David, but everybody knows David's son, the only reliable jeweler of Reno to sell the best watches and jewelry for the least money. jan13

DISTRICT COURT-KING S D.

F. Velenzuela vs D. C. Campbell—verdict for plaintiff for $229 50.

Lovejoy vs. Lovejoy—plaintiff appeared and gave testimony. Cause argued and submitted.

Heister Stephens vs. George W. Avery—Action for replevin of personal property. On trial.

A Beatiful Spectacle.

A beautiful sight is presented on the mountain tops on clear, bright days, when the wind is blowing hard over the Sierra. The snow, which falls on those lofty heights in fine, round, light particles, is caught up by the wind and swept into the air in clouds which sweep along the crest of the mountain, until at last they seem to blend into the atmosphere and totally disappear. At times these clouds seem masses of white smoke or steam, and the peaks around which they whirl might be supposed to be active volcanoes. Such an interesting spectacle could be viewed from the bridge to-day. The sky was cloudless, and the snow could be seen whirling about the lofty peak thisside of Mt. Rose, at times entirely hiding it from view.

County Officers' Fees.

The "agreed cases," concerning fees the legality of which has been disputed, come up in the district court this evening. Certain fees charged by the Sheriff, County Clerk and ex-Justice Bowker are in dispute. A decision by the court will settle the much vexed question.

Lawyer Cain was to-day interviewed in regard to the matter.

"If you mean those 'agreed cases,'" said he, "I can't tell you anything about them. There isn't a lawyer in town that knows anything about them."

The prospect of the taxpayers getting a clear idea of the points at issue seems very slight.

A Persistent Vagrant.

John H. Latham was arrested for vagrancy some days ago, found guilty and ordered to appear for sentence at a certain hour. This gave him time to leave, and he made the best use of it to get out of the town, thus saving the county the expense of feeding him in the jail. Last night he was in town again, and was arrested. Officers Ross and Avery were taking him to jail, and when they got to the court house gate the prisoner made a break for liberty and ran. Both the officers drew their pistols and fired shots over his head. Latham stopped when he heard the shots, and went the rest of the way without further trouble. He will be sentenced to-morrow.

Strong Talk From Strong Men.

Hurd and Caldera, the two strong men of Reno, met on the street to-day, and had some talk on the wrestling proposition. High words were at last used, but the disputants did not come to blows, as it is to be feared many of the bystanders hoped they would. Hurd was angry because Caldera had not accepted his challenge. Caldera answered: "Youa talka tooa mucha in-a paper, but you no-a put-a up-a the money."

Personal.

Mr. Hall, the President of the Nevada Central railroad, will be a passenger on the west-bound overland train to-night.

E. J. Parkinson of the Carson *Tribune* and Mr. Cavenaugh of the Governor's staff will attend the *Amitie* Club dance this evening.

I Wish Everybody to Know.

Rev. George H. Thayer, an old citizen in this vicinity, known to every one as a most influential citizen, and Christian Minister of the M. E. Church, just this moment stopped in our store to say, "I wish everybody to know that I consider that both myself and wife owe our lives to Shiloh's Consumption Cure." It is having a tremendous sale over our counters and is giving perfect satisfaction in all cases of Lung Diseases, such as nothing else has done. Bourbon, Ind., May 15, 1878. Drs. Matchett & France. A Fragrant Breath and Pearly Teeth.

Are easily obtained by cleansing your teeth daily with that justly popular dentifrice, SOZODONT. Composed of rare antiseptic herbs, it imparts whiteness to the teeth, a delicious aroma to the breath, and preserves intact, from youth to old age, the teeth. Acidity of the stomach will destroy the strongest teeth unless its effects are counteracted with SOZODONT, and this pure tooth-wash protects the dental surfaces by removing every impurity that adheres to them. Ask your druggist for SOZODONT. d&w

WHO MAY BE SUFFERING FROM the effects of youthful follies or indiscretion, will do well to avail themselves of this, the greatest boon ever laid at the altar of suffering humanity. DR. SPINNEY will guarantee to forfeit $500 for every case of Seminal Weakness or private disease of any kind or character which he undertakes and fails to cure.

MIDDLE-AGED MEN.

There are many at the age of thirty and sixty who are troubled with too frequent evacuations of the bladder, often accompanied by a slight smarting or burning sensation and a weakening of the system in a manner the patient cannot account for. On examining the urinary deposits a ropy sediment will often be found, and some small particles of albumen will appear, or the color will be of a thin milkish hue, again changing to a dark and torpid appearance. There are many men who die of this difficulty, ignorant of the cause, which is the second stage of seminal weakness. Dr. S. will guarantee a perfect cure in all such cases, and a healthy restoration of the genito-urinary organs.

JEWELRY

$75.00 worth for $15.00,
—(AND A(—
Solid Abyssinian Gold Watch
FREE! FREE!! FREE!!!

The above offer is genuine, although at first sight you would consider it impossible. We will explain: Since we first established our business here, March 1st, 1878, we have paid particular attention to the buying of Bankrupt and Auction lots of Jewelry and Watches often buying at as low as one-tenth their value, and in no instance have we paid over one-sixth the manufacturers' price. Since starting we have always been able to dispose of these goods in Chicago and through our regular customers throughout the country at nearly regular prices, as fast as we could procure them, but owing to the large number of failures among the heaviest dealers and manufacturers throughout this and other countries during the months of June, July and August (the time when the jewelry business is stagnant), we have now on hand an immense stock of the most desirable goods we have ever handled, and which we have bought at lower prices than ever before. In order to dispose of this entire stock in the most speedy manner possible, and make room for new ones which we shall continue to buy, we have hit upon the following novel plan:

We propose to give you a list of the most desirable of these goods, giving opposite each article its regular retail value, and sell to you at the rate of Five Dollars' worth for $1. For instance, on receipt of 50 cts. we will send you, POSTPAID, any article to the value of $2 50; on receipt of $1, articles to the value of $5, and so on throughout the entire list. Below we give a list of the most valuable of these goods.

DISSOLUTION

—OF—

Co-Partnership.

NOTICE IS HEREBY GIVEN that the partnership heretofore existing under the name, style and firm of J. W. SHAEFFER & CO., is this day dissolved by mutual consent. The business of said firm will be hereafter conducted and carried on by JOHN W. SHAEFFER, who will receipt and liquidate any and all indebtedness due and owing by said firm.

JOHN WERNER SHAEFFER,
JULIUS KRAEMER.

Dated, San Francisco, Dec. 29, 1879.

In reference to the above, I desire to notify my customers that I shall carry on the Manufacture of Cigars as formerly, on the old premises, and under the old name of J. W. SHAEFFER & Co. My aim in the future, as in the past, shall be to give each and all my patrons a fair and full equivalent for their money, only asking in return promptitude in remitting the values I have given them at the time agreed. It will be my effort to make my long experience (unexcelled as a local manufacturer) more than ever profitable to my customers, by more than usual care in the selection and treatment of the Tobacco, and in nicety of execution in manufacturing. I shall adhere strictly to the determination announced by my firm some months ago, not to employ drummers to effect sales, but rely solely on the merits of my goods, and give all the advantages of reduced expenses to my patrons in lower prices. I shall, however, visit, if possible, personally, or by my former salesman, B. F. Armstrong, all my customers during the year, to ascertain their views, and profit, if I can, by the experience they have gained in handling my goods, as to the wants of the trade and the tastes of consumers. Thanking my friends for past favors so liberally bestowed, I can say, on soliciting their continuance, that I am determined that their views and wishes shall be more freely and exactly gratified in the future. Wishing you a full share of the prosperity in business apparently promised the Coast during the coming year, I am, yours respectfully,

J. W. SHAEFFER.
